SUBJECT INDEX

A

Abuse, childhood, long-term consequences of, 163-173
Acquired immune deficiency syndrome
  dementia and, 74-81
  nurses' attitudes toward, gay men with, 377-384
  see also Human immunodeficiency virus
Age factor, in onset of depression in elderly, 31-32
Aggression, in psychiatric setting, 328-335
Agoraphobic Cognitions Questionnaire, 2-10
Alcohol, childhood abuse and, 168-169
Alcoholic, program as model for nursing practice, 197-202
Alzheimer's disease
  caregivers' perceptions of agitated behavior in, 217-225
  catastrophic reactions and other behaviors in Special Care Unit for, 292-299
American Nurses Association's Effectiveness Initiative, 174-181
Anger, suicide survivors and, 37-43
Anorexia nervosa
  diagnostic and treatment issues in, 347-352
  etiological issues in, 342-346
Anxiety, in starting group psychotherapy, 300-307
Anxiety disorder
  group interventions for, 277-283
  partial hospitalization program for, 2-10
Anxiety Disorders Institute of Atlanta, 4
Attitudes Towards Gays and Lesbians Scale, 377-384
Attributional analysis, of formal caregivers'perceptions of agitated behavior in Alzheimer's disease, 217-225

B

Body Sensations Questionnaire, 2-10
Borderline personality disorder, nurses' responses to, 336-341
Bulimia
  diagnostic and treatment issues in, 347-352
  etiological issues in, 342-346

C

Caregiver
  confidentiality as issue for, 123-124
  perception of agitated behavior in Alzheimer's disease, 217-225
Catastrophic reactions, in Alzheimer's disease, 292-299
China
  cultural and society influences on psychiatric nursing in, 249-253
  mental illness in, 311-316
  nursing diagnoses for psychiatric patients in, 16-22
  politics and mental health care in, 111-115
Clinical nurse manager, head nurse as, 125-132
Clinical significance, statistical *v*, 187-188
Cognitive-behavioral group intervention, depression in women and, 277-283
Competition, group psychotherapy and, 300-307
Concept analysis, social isolation and, 270-276
Confidentiality, 123-124
Confrontational intervention, for substance abuse in marginalized women, 322-327
Connectedness, nurse-patient, 11-15
Consultation/liason services, nursing care hours in, 353-360
Continuing education, Houle's typology of, 139-146
Cost-effectiveness
  of Milieu Enhancement Nursing Practice Model, 61-73
  in psychosocial research, 259-264
Criminal behavior, childhood abuse and, 169

D

Department of Health and Human Services, Milieu Enhancement Nursing Practice Model, 53-73
Depression
  eating disorders and, 350
  elderly and, social factors in, 30-36
Desert Storm reservists, post-traumatic stress disorder and, 165
DSM-III-R classification, of eating disorders, 342-346
Dyadic relationship, group psychotherapy and, 300-307

E

Eating disorders
  childhood abuse and, 168
  depression and, 350
  diagnostic and treatment issues in, 347-352
  etiological issues in, 342-346
  family response to, 351
  secrecy and, 349-350
  self-esteem and, 350
  trust and, 349-350
Economic factors, group psychotherapy and, 300-307
Elderly
  confused and agitated, effects of individualized music on, 284-291
  depression and, social factors in, 30-36
  female, urban *v* rural psychosocial health needs of, 99-105
  rational suicide among, 106-110
Empathy
  definition of, 371
  phenomenological, in nursing, 369-376
Empowerment, abuse of power, 51-52
Erratum, "Psychobiological Indices of Bipolar Mood Disorder: Future Trends in Nursing Care," 184

F

Family
  eating disorders and, 351
  prespectives of schizophrenia, 147-153
  in SERPN News, 318-319
  Tourette's syndrome and, 212-213
Forensic hospital, maximum security, ward atmosphere in, 23-29
Foster, Vincent, 321
Friendship, concept analysis of, 236-243

G

Gay men, nurses' attitudes toward, 377-384
Gordon, Verona, 277-283
Group therapy
  resistance to starting, 300-307
  triage model of, 244-248
Guilt, suicide survivors and, 37-43

H

Head nurse, reconceptualizing the role of, 125-132
Heineken's Confirmation/Disconfirmation Rating Instrument, 336-341
Homophobia, among psychiatric nurses, 377-384
Hopelessness, group interventions for, 277-283
Hospitalization
  maximum security ward atmosphere in, 23-29
  partial, for anxiety disorder, 2-10
  psychosocial rehabilitation in schizophrenia and, 154-162
Houle's typology, of continuing professional learning, 139-146
Human immunodeficiency virus
  neuropsychological functioning and
    acquired immunodeficiency syndrome dementia complex and, 74-81
    at different stages of infection, 82-90
  see also Acquired immune deficiency syndrome

I

Index of Homophobia, 377-384
Institutional resistance, group psychotherapy and, 300-307
Isolation, social, concept analysis and, 270-276

L

Language, prejudice against mentally ill and, 257-258
Learning modes, in continuing professional learning, 139-146
Lesbians, nurses' attitudes toward, 377-384
Life events, in onset of depression in elderly, 33
Life review, reminiscence *v*, 91-98

M

Maximum security forensic hospital, ward atmosphere in, 23
Medical disorder, childhood abuse and, 169-170
Memory, in reminiscence *v* life review, 91-98
Mental retardation, psychiatric client with, 308-310
Micro-Cares, 353-360
Milieu Enhancement Nursing Practice Model, 53-60
  cost-effectiveness of, 61-73
Mini Mental State Exam, 284-291
Mobility Inventory for Agorarphobia, 6
Moller-Murphy Symptom Management Assessment Tool, 226-235
Multiple personality disorder, childhood abuse and, 168
Murphy Wellness Model, 226-235
Music, effect on confused and agitated elderly, 284-291
Myths, of aggression and violence, 328-335

N

Neurobiological disorder, relapse management in, 226-235
Neuroendocrine disorder, in eating disorders, 343-345
Neuropsychological functioning, human immunodeficiency virus and
  acquired immunodeficiency syndrome dementia and, 82-90
  at different stages of infection, 82-90
Neurotransmitters, in eating disorders, 342-343
Nomenclature, development of, 174-181
Nurse-patient relationship, positive connectedness in, 11-15
Nursing, overview of, 174-181
Nursing care hours, in consultation/liason services, 353-360
Nursing diagnoses
  psychiatric client with mental retardation and, 308-310
  psychiatric patients in China and, 16-22
Nursing payment reform, 174-181

P

Patient Classification System, 353-360
Personality development, childhood abuse and, 167-168
Pharmacotherapy, in Tourette's syndrome, 213-214
Phenomenological empathy, in nursing, 369-376
Physical abuse,childhood, long-term consequences of, 163-173
Positive connectedness, in nurse-patient relationship, 11-15
Post-traumatic stress disorder
  in reserve forces deployed during Desert Storm, 265
  triage model of psychotherapeutic group intervention for, 244-248

Progress notes, psychiatric-mental health nursing, 174-181
Psychosis, childhood abuse and, 168
Psychosocial factor, urban *v* rural older women and, 99-105
Psychosocial nursing, public sector in, 133-138
Psychosocial rehabilitation, in schizophrenia, 154-162
Psychosocial research, designing interventions in, 259-264
Psychotropic drugs, in urban *V* rural women, 99-105
Public sector psychosocial nursing, 133-138

R

Rehabilitation, psychosocial, in schizophrenia, 154-162
Relapse management, in neurobiological disorders, 226-235
Reminiscence, life review *v*, 91-98
Research
  Milieu Enhancement Nursing Practice Model and, 57
  psychosocial, designing interventions in, 259-264
  in social factors and late life depression, 35
Rural psychosocial health needs of older women, 99-105

S

Schizophrenia
  adult sibling's perspectives of, 147-153
  psychosocial rehabilitation in, 154-162
School, Tourette's syndrome and, 213-214
Secrecy, eating disorders and, 349-350
Self-coherence, 361-368
  conceptual domains of, 362-364
  definition of, 366
  genesis of, 361-362
  inner strength and, 365-366
  motivations and goals in, 364-365
Self-direction, in continuing professional learning, 139-146
Self-esteem
  eating disorders and, 350
  group interventions and, 277-283
SERPN News, 44-45, 116-117, 182-183, 254-255, 385-386
  see also Society for Education and Research in Psychiatric-Mental Health Nursing
Sexual abuse, childhood, long-term consequences of, 163-173
Shame, group psychotherapy and, 300-307
Sibling, prespectives of schizophrenia, 147-153

Socioeconomic factor, in onset of depression in elderly, 33
Special Care Unit, for Alzheimer residents, 292-299
Statistical significance, clinical v, 187-188
Stigma
  schizophrenia and, 147-153
  suicide survivors and, 37-43
Stress, in urban *v* rural women, 99-105
Substance abuse
  childhood abuse and, 168-169
  in marginalized women, 322-327
  mental illness and, 189-196
Suicide
  rational, among older adults, 106-110
  survivors of, 37-43
  Vincent Foster's, 321
Symptom Checklist 90-Revised, 6
Systemic Belief approach, to suicide survivors, 37-43

T

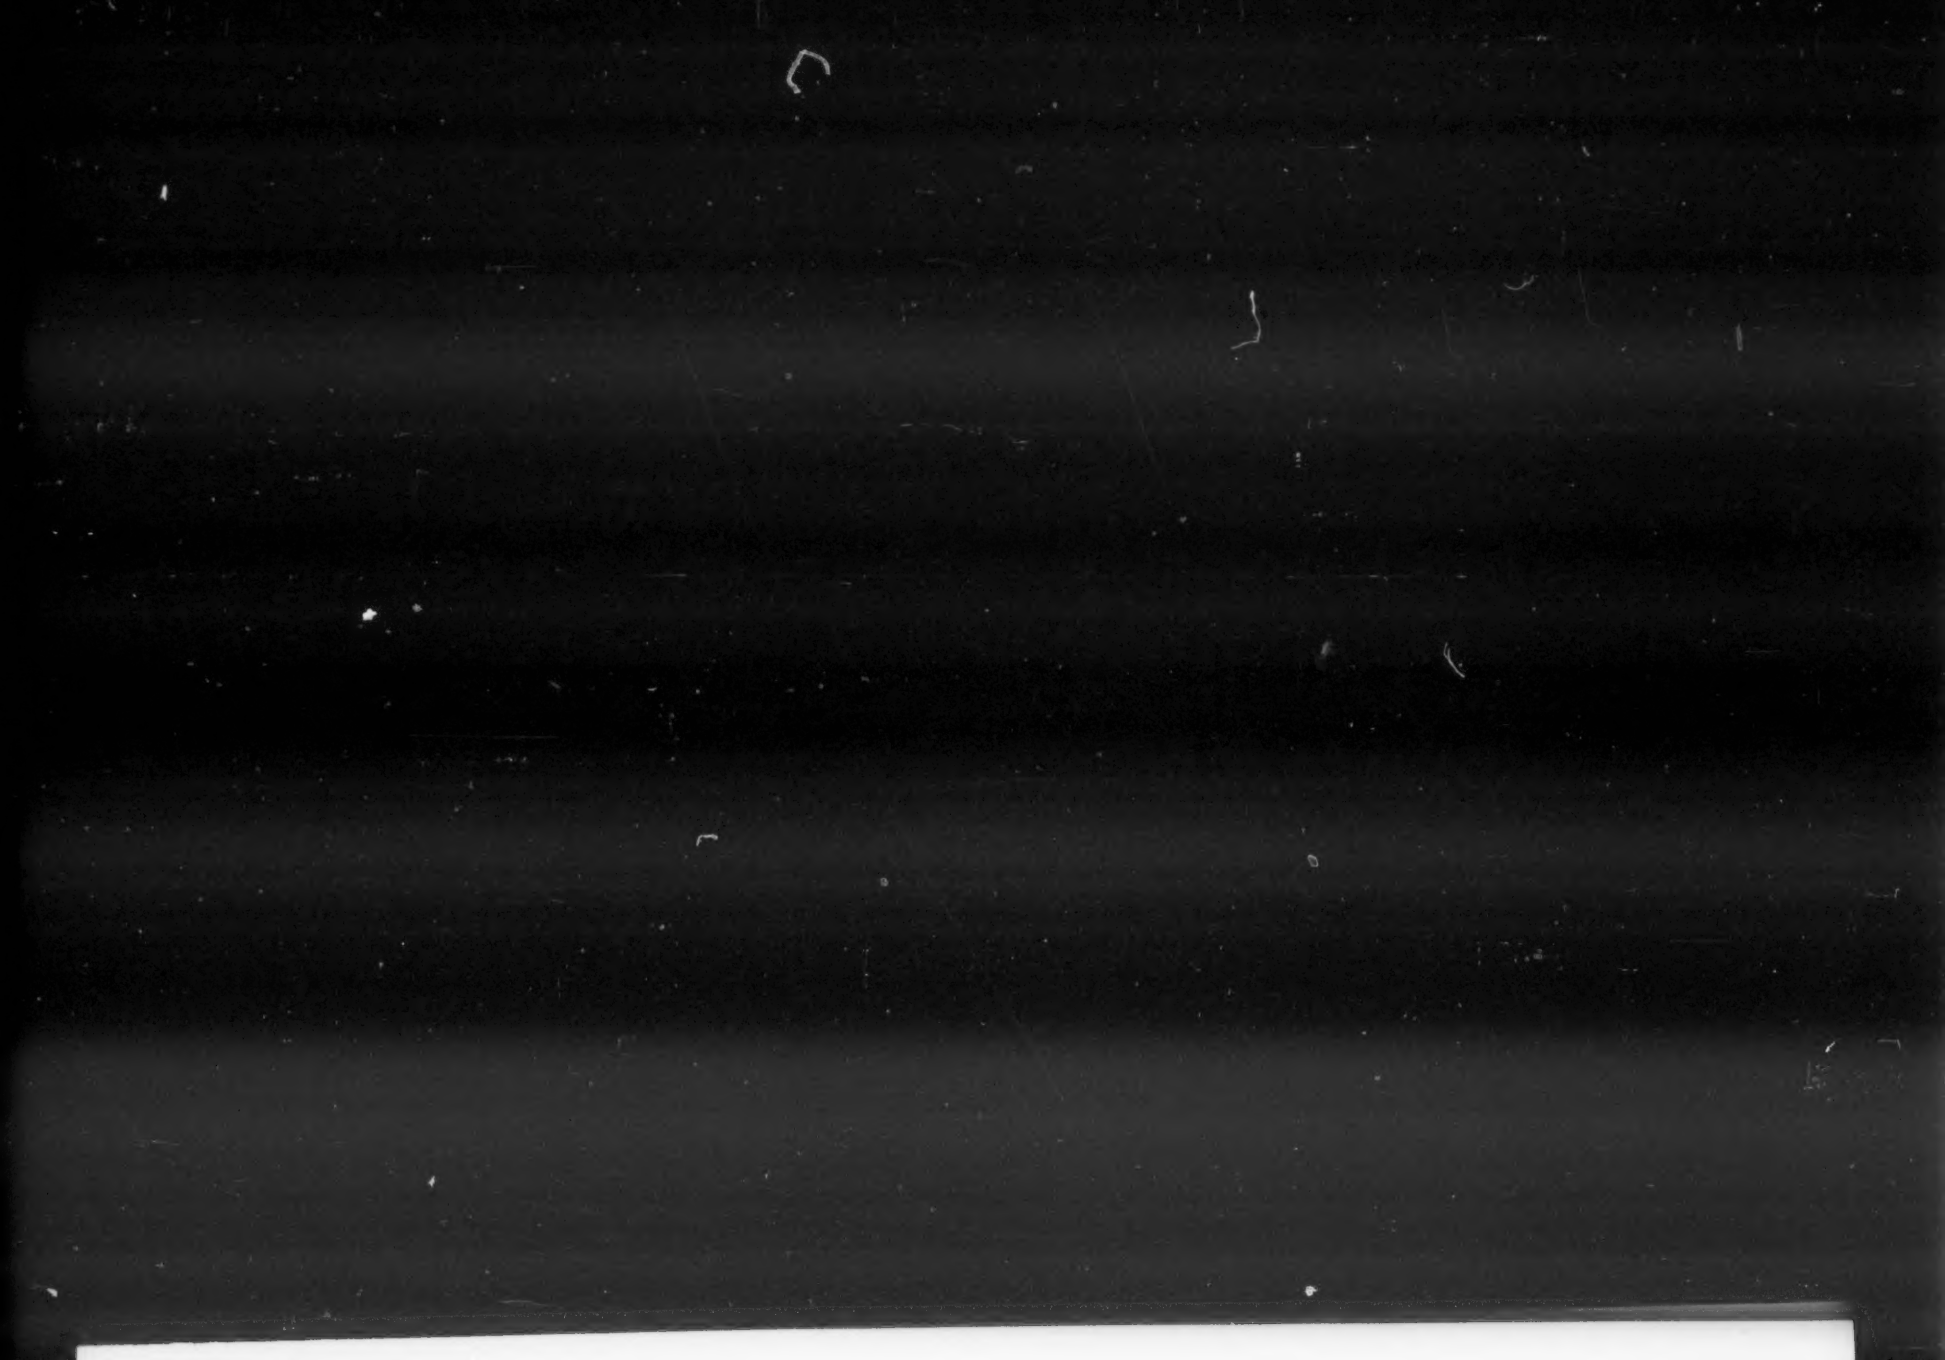
Therapist, parallel process of resistance to starting groups, 300-307
Tourette's syndrome
  background of, 204
  case examples of, 209-212
  contemporary approaches to, 209-216
  definition and diagnosis of, 203-208
  epidemiology of, 205-206
  natural history of, 206-207
  treatment of, 212-215
Triage model, of psychotherapeutic group intervention, 244-248
Trust, eating disorders and, 349-350

U

Urban psychosocial health needs, of older women, 99-105

V

Violent behavior
  as long-term consequences of childhood abuse, 169
  in psychiatric setting, 328-335

W


Wellness, nursing interventions for, 226-235
Women
  depression in, group interventions for, 277-283
  marginalized, substance abuse in, 322-327
  older, urban *v* rural psychosocial health needs of, 99-105
